Dear Recruiter,

I'm writing to convey my enthusiasm at your prestigious organization. I have just completed my Bachelors's Degree in Bachelors of Computer Applications from Galgotias University and would like to contribute my knowledge, talents, and dedication to excellence to your company's creative atmosphere..

With my in-depth subject knowledge, critical thinking skills and excellent time management skills, I am confident that I would be capable of taking up all the job responsibilities that come with this role. I would certainly be a great asset to your company as I have Knowledge in Html,Css, Javascript, Bootstrap,JSE,JEE,Sql.In addition to my Full Stack Developer, I also possess many projects as a fresher to start my career this is what I believe separates me from the rest of the competition.

I have completed virtual internship.During my internship I have Also gained Virtual Work Experience which helped me to get more knowledge about the work culture in Big MNCs. Agile Methodology - Cognizant

I have completed certificates.During my training with Incapp, I gained hands-on experience designing websites and applications.
1)Software engineering virtual experience - JP Morgan Chase Co
2)JAVA CORE TECHNOLOGY (06/2022 - 08/2022)
3)Certificate of Completion in Cloud computing by nptel
4)WEB DESIGING TECHNOLOGY (06/2022 - 08/2022)
5)JAVA ADVANCE TECHNOLOGY (11/2022 - 01/2023)

I have completed Some projects in my training period.
1)Portfolio website (Using html css js)
2)Education website(WebBiz)
3)Smart blind Stick
4)Gui Project(Mini Calci)

I would be glad to discuss further about the job posting with you.Looking forward to hear from you.
